

Where Syracuse Celebrates

The John H. Mulroy Civic Center Theater features three distinctly different theaters. These unique venues are ideal for all types of on stage presentation, performance, meetings, workshops, film, lectures and concerts.

The spacious lobby areas, including one overlooking Historic Columbus Square, are ideal for receptions and pre-theater events.

Frequent customers include the Syracuse Opera, the National Broadway Famous Artists series, national comedians and concerts, community artistic events and the local children's theatre.
